ANNUAL SNAPSHOT**

MESSAGE

FROM THE SUPERINTENDENT

William J. Barnes

We are deeply grateful to the more than 1,000 community partners whose dedication to education has made a lasting and meaningful impact on our students—one that will shape their futures for years to come.

As Superintendent of the Howard County Public School System, I am committed to building a great school system for every member of our learning community. Community partners are essential to this mission.

Together, we can bridge gaps for our students and families, create a future where every student has the tools to succeed beyond graduation, and provide educators with the resources and supports they deserve.

Thank you to each and every partner for walking alongside us as we develop innovative and valuable collaborations to propel our students to achieve their dreams.
